A number of Morrissey's gang frequently interrupted the speakers, but for the most part goed order was preserved, and the meeting proved a complete success. Dr. Powell presided. Gen. Dennis T. Burke, the first speaker, opened the meeting by saying that for the first time the Irish Republicans of that district had come together to speak for liberty and justice. The Tammany Hall Democrats have said that this movement was in direct opposition to the Irish cause. Ight thinking men knew this assertion to be false. The only true friends of the Irish people are those who indorse the principles of the Republican party. [Applause.] For the last lifty years the leaders of the Democratic party have done their utmost to discourage the effort which the Irish have been making to obtain their freedom from British rule. Every Irishman who fought in the late war with the South, fought England as well. The Rebels were supplied with British muskets, atamunition, and equipage, it is time for Irishmen to desert the rotten ship which they have so long clung to, for it is going down forever. Pennsylvania, Onto, and Indiana have already sounded the death knell of its crew. One of the rin deaders of the Democratic party has mobey in his possession to-day which truly belongs to Irish clineens. He was the man who prevented Mr. Robinson of Brookiyn from being renominated. [Crics of "that's so.'] Taik about Democrats being the Irishmen's friends! Did any one ever hear of James Brooks ever lifting his voice in Congress for downtrodden Ireland. The man whom everybody can trust, who is a friend of the oppressed of whatever nationality—is Horece Greeley. [Applause.] (A voice; "How about Train") He is off the track [great cheering]. I hope to see the day when we will elect men to the Assembly who will work for the people. [Crics of "Yes."] We want to break up this Taimany clique, which is run by the great Mg. gul, Wm. M. Tweed. [Applause.] (A voice; "How about Train") Hower the people men. A number of Morrissey's gang frequently inter-Republicans of the Twenty-second Ward, Brooklyn, have nominated Mr. Daniel Travis for Alder-nan, and William Gleavy for Supervisor. The Republican Assembly Nominating Convention of the XIVth District met last evening at No. 23 Avenue D, and nominated Bernard Sheridan.

ber the first man to fight against the Know-holbing party was Mr. Greeley, and when the people of Ireland were starving by thousands he was the first at the rescue. Many a poor man has come to this city, and been assisted by the Editor of The Tribuye. The speaker here read an extract from one of Frank Blair's speeches, where he said he would go as far as Staten Island and see the Irish off. Isensation. Were the principles advocated South applied North, they would exclude you and I, for, thank God, we are all carpethagers from the Emerald Isle. (Applause.) Democracy, once a party of progress, has got hold of all the fat offices, and stopped. Now, the only life it has left, is in the vermin office-holders, who are sucking the Treasury dry. I, who coppeed class government in the old country, oppose class government here. You, who fought the aristocracy of Britain, should not now join hands with the slaveholding aristocrats of the South. F. S. Lambert, J. J. Smith, and Dr. J. E. Snedgrass followed. The latter gentleman advocated the urgent necessity of electing Horace Greeley to Congress, in order that the Fifth District might be redeemed from the disgrace which had been brought upon it by the election of John Morrissey. (Applause.) At the close of the specches, Dr. Pawell, the chairman, announced that another meeting would be held next Thursday evening, whereupon the audience was dismissed with the most enthusiastic cheers for the national, State, and Congressional tickets, but especially for Horace Greeley.

afternoon at the headquarters of the Kings County Democratic General Committee, No. 2 Court st., and organized by the choice of Mr. Wm. S. Leech as Chairman. The following nominations are the result of its work: For Collector of Taxes, Isaac Badean; Controller, Edwin M. Johnson; Anditor, Jas. O'Brien; City Treasurer, Corthand J. Sprague; Police Justice, Andrew Walsh; Justice of the Pence for the First District, John Delmar; for the Second District, Jas. Buckley; for the Twenty-second Ward, John Lynch. After the nomination for Controller had been made, it was announced that a delegation from the Kings County Soldiers' and Sailors' Convention was in waiting, and that they asked for seats on the floor of the Convention. It was voted to suspend business to admit the gentlemen, and to give them ten minutes to speak for themselves. The delegation, consisting of five gentleman, headed by Capt. Hogan, then sentered, and Capt. O'Connor, one of their number said that they represented an organization comprising 5,000 soldiers of Kings County, many of whom, though formerly Democrats, were members of the "Grand Army of the Republic," and had with difficulty been induced to join the organization which they represented. As soldiers and sailors who had sacrificed much for their country, they only asked that their services might be recognized by giving them one place on the city ticket. They asked that Gen. Eugene A. Kozley be placed in nomination for the office of Auditor. Capt. Hogan said that they did not come there to diotate terms, but to ask as a favor what it would be for the interest of the party to grant. He said that the Republicans had put the names of several soldiers upon their ticket, and had noninated for Auditor young McLeer, a one-armed veteran, and, if this favor was not granted, he could not promise the Convention the support of the soldiers. The Chairman then gave them "permission to retire," and the Convention proceeded with its work, not a single delegate being found to move that the veterans be represente

NOMINATION OF COL. ALFRED M. WOOD. JAMAICA, Oct. 16 .- The Republican Conven tion of the 1st District of New York, composed of Queens, Suffolk, and Richmond Counties, met here to-day to nominate a candidate for Congress. John Sherrill, esq., of Suffolk County, was called to the chair and an informal ballot was promptly ordered, whereupon the following-named gentlemen were put in nomination: Col. Alfred M. Wood of Queens County, S. B. French of Suffolk County, C. C. Norvell of Richmond County, and J. C. Thompson. The informal ballot was then taken, and, showing that Col. Wood had a majority of the Convention, his nomination was made unanimous on the motion of Mr. E. Stirling of Richmond, one of Mr. Norvell's supporters. After stirring speeches by the nomince, the President of the Convention, and others, in the course of which the fact was developed that the candidacy of Mr. Thompson was a surprise to most of the gentlemen from Richmond County, the Convention adjourned with enthusiastic cheers for the ticket—national, State, and Congressional.

GEN. GRANT AND THE BATTLE OF COKINTH. Suffolk, and Richmond Counties, met here to-day to nom

GEN. GRANT AND THE BATTLE OF CORINTH. Grant had determined to capture Van Dorn and his whole army, and would be satisfied with nothing less. He had informed Rosecrans of the march of Ord and Hurlinst to Hatchie River, and directed him to pursue immediately, even as far as Bolivar. The character of commanders is often seen in the energy with which the fruits of a well-carned victory are seized and followed up. The army that is allowed to "fight and run away can field made of a.y." but if amorphically in the instructions of the contraction o A large and enthusiastic meeting of the XXth district Union Republican Association was held at Dinitedlen's Hall, No. 332 Third-ave. Spirited speeches were under by Mr. Moran of Pennsylvania, and others. It was anounced that all the clubs, together with the Boys in

men had fought two days (though mestly behind their mirenehments), and were fatigued, hungry, and weary; but Grant had ordered them to pursue. One day of pursuit would give themspeace and rest for a long time. Resecrans reported, "I rode all over our lines, announcing the result of the fight in person," ordered the troeps "to rest, and start the next morning in pursuit." This was it o'clock on the 4th. "The next morning?" But will Price and Van Dorn wait at Hatchie's Run to be captured i will they not escape from Ord and Huribat daring all the afternoon and might! It was even so. The next morning, Rosecrans started out, but, being misinformed, took a road which led him eight miles away from Hatchie's Run before the mistake was discovered. Meanwhile. Ord and Huribut had had their fight, at a disadvantage, with Price and Van Dorn, who had made a wide circuit round, crossed the Hatchie several miles south at Crown's Bridge, burning the bridge after them. Grant was displeased and chagrined at the failure to obey his orders implicitly. It did not quite suit has taste either for a commander to ride about his army, mnouncing his victory in person, at any time, and especially when under orders to advance and follow up the retreating enemy. He did not wish anyone to cat or alcep, or glorify a victory, until all had been wrung from it that it could possibly be made to yield. Pursue, disperse the enemy, take the last prisoner, the last musket, before you rest or sieep. This spirit animated Grant in all his battles on the Tennessee, the Cumberland, the Potomac, It made him Lieutenant-General, and carried him in triumph to the final scene on the Appomattor. "The longer I live," said Fowell Buxton, "the more I am certain that the great difference between men, between the feeble and the powerful, the great and the insignificant, is energy, invincible determination, a purpose once fixed, and then death or victory."—Phelps's Life of Grant.

Michael Coogan of East Newark, has received the Democratic nomination for Assembly in the Vth Dis-trict of Hudson County.

A large and enthusiastic Republican meeting was heid in Camden on Thursday night, at which able addresses were delivered by Senator Cattell, Gen. Van Buren, Gen. Vickers and others.

The German Republicans of Jersey City held a meeting on Wednesday evening, at No. 146 Newark-ave. Dr. E. W. Hoeber of Newark, made the address. Next week Gen. Sigel will address the club. The wigwam at Newark was filled last even-

ing, when addresses were delivered by Attorney General Roberson, and Senator Frelinghuysen. Cheer were given over the late Republican victories in the States, East, West, and Central. The Republicans of Elizabeth have made the following nominations: For Mayor, Col. James Moore: Chosen Freeholders, Edmund S. Le Breton, Joseph McCord, Freeman T. Winans; Surveyors of Highways, Samuel Huntsman, Ogden Brown.

The First Ward Grant and Colfax Legion, of Newark, serenaded their Alderman-elect, C. G. Crane, on Thursday night. Subsequently, a collation was partaken

The Heines of Origin and Conax in the town of Maleawan, New Jersey, gathered in the Town Hall, Thursday evening, to welcome Gen. James F. Rusling. Mr. F. G. Gedney and Gen. H. E. Tremaine of New-York, opened the meeting, and Gen. Rusling brought it to a grand conclusion. A movement is on foot, started by Democrats, to escape the odium of the recent assault on William Waite, to secure his nomination for Assembly by both parties from the Hd District of Passaic. Mr. Waite's condition, however, is so precarious that there is great doubt of his ever fully recovering.

The Republicans of Elizabeth have nominated for Mayor, Col. James Moore; Chosen Freeholders, Edmund S. Le Breton, Joseph McCord, F. T. Winass, and Justice Merris. Col. J. W. Woodruff, Assistant Superintendent of N. J. Railroad, has been nominated for Alderman for the Sixth Ward of Elizabeth.

The Republicans of Ocean County, N. J., turned out strong on Tuesday night last, at the Court House in Toms River. George Gravatt presided, and W. H. Vredenburg, of Freehold, Robert Allen, jr., of Redbank, Gen. D. Vickers, of Camden, and the Hon. J. H. Werwick, of California, spoke. The Court House was crowded to overflowing, and large numbers went away unable to gain admission.

Intense excitement prevailed in Paterson resterday because of the dastardly outrage on William Waite, while he was marching in the Republican proces-sion, as previously reported in The Transus. Cant. Allen of the Tanners immediately offered \$500 reward for the detection of the criminal, to which the Mayer and Aldermen added \$500, the Democratic Club an additional \$200, and Col. Rafferty \$250 more.

The American, German and Irish companies comprising the Legion, met in the Tannery at Orange on Thursday evening, and received four beautiful silk flags, the gift of the baties of the place. The Rev. J. B. Bacou, the Rev. Mr. Elder, Mr. Rowland Johnson, a "progressive Quaker," and Mr. Thomas Baldwin, made the presentation. New Jersey is wide awake. Several steam vessels and small boats were employed, which were handsomely decorated with flags, oanners, transparencies, &c. The private dwellings and factories along the river bank, stretching from Newark to Belleville, were handsomely illuminated, and the scene was beautiful and grand. The lancoin Cavalry proceeded to Belleville by land, where they joined the infantry in a parade through the town.

The Legions and Boys in Elue paraded the streets with torches, music, and banners. The wigwam was closely packed by an orderly and intelligent audience. John Davidson, Esq. of Elizabeth, the first speaker, met with a warm reception, and made a masterly speech. At the close of Mr. Disadless three rousing cheers were given for him. Pure, rich, strong blood makes healthy flesh and fiber. When the blood is pure, the system is free from disease, and the surface free from sores and skin eruptions. Dr. RADWAY'S SARSAPARILLIAN makes the purest and best, alrougest and richest blood that ever circumakes the purest and best, thoughts and release shoot has very cated through the veirs of man, woman or child. If the blood is desicted in wither of its natural constituents, a few doses of RADWAY'S SARSA-PARILLIAN will supply the deficiency. Some men have more courage, endurance, and superior physical power than others. The secret of this for the blood, and that which will supply the blood with nourlaiment; strength and purity, will develop in the physical organisation those qualifies that are present in a healthy body. RADWAY'S SARSAPARILLIAN RESOLVENT cures the worst dis-cases that ever disfigured the tahernacle of the fisch, and its effects are experienced so quick, that every day the patient realizes some new change that fills him with hope of a final cure, and every day he sees and feels the disease departing from him. No wonder either, for this great remedy is prepared from the best species of Sarsaparillian, Pareria British, Fuci, and other roots of rare excellence, that are gathered in their proper sesson by agents of intelligence under the exclusive pay of Dr. Radway, so that not one atom of impure or apurious substance is mixed with these roots. Then, again, the dose of this remedy is small; one tesspoonful will make purer, richer, stronger blood, secure a better appetite, make the water run freer and clearer, and stop all discharges from involuntary accidents (if afflicted in that way), than a wine glass of the ordinary advertised Narsaparillas. You feel at once the strengthening power of Radway's Sarsaparillian Resolvent, and in a few days those who are annoyed with Biotches, Sores, Ecuptions, Pastules, Tatters, &c., on the surface of the body, will see them disappear, and the skin become

In Consumption, Asthma, End Coughs, Bronchibls, it affords immediate relief, and has made astonishing cures. People may talk about deriving good blood by transmission; but we guarantee that Radway's Sarsapa' rillian, so far as blood is concerned, will invest the system of all who take it with as pure, clear, strong and healthy blood as ever circulated through the veins of Casar, or any other man of ancient or modern fame. It will increase the fleah, and make the weak strong. As an evidence of the importance of young children using this remedy, if they have been sick with Messles, Scarlet Fever, Erysipelas, Smallpez, Varioloid, &c., where the disease has been amothered only, and not fully cored, we publish the following letter. In all cases where parents know that in their podies lark some hidden taint-as Scrofula, Consumption, Dropsy, or sny other PAMILY COMPLAINT—Radway's Sarsaparillian should be given to the shild; this will exterminate the virus of the disease from the blood of the child. Dr. J. Radway.—Dear Sir: I herewith send you a voluntary state ment regarding the case of my son. He will be, if he lives until November my delease child. When a year and a half drige he had an attack of measles, and since then he has suffered from a cutaneous craption of a very severe type. His face, neck, arms, and head were completely enveloped with disagreeable sores, and with sores in the bead, which at times destroyed his bearing, and caused us to despair of his life. The sores of eraptions first appeared in hright red spots like burns, and thes, after a time histered and because ranning sores. I tried squeral phraicians of high repute, and numerous proprietary and other preparations highir recommended for entaneous disease, but the little sufferer continued to grow worse.

I was induced to try your Sarsaparillan Resolvent, but without the singletest hope of benefit to my child, but to my surprise, he speedily recovered under its use. I first commenced administering it is very small doses, half teaspoonful three times a day, and after using one bottle, to my surprise and pleasure, he was perfectly cared.

I cheerfully recommend it to others afflicted with disease of a similar nature, knowing its efficiency by actual observation. Your humble servant, [Signel.]
